

# New Defender BRB Tubular Bumper for the Superwinch EPI9

NEW

This super new tubular bumper has been designed to give an increased front approach angle over normal winch bumpers.

Designed specifically for installing the Superwinch EPI9 winch with the bridge over the drum.

All powder coated in black.

Just like our BRB winch bumpers, these kits are a six bolt fitting to the Defender chassis and have built in recovery eyes each side.

Lamp brackets are included on the light bar.

Only £269 plus carriage and VAT

Company Registration No. 4392946  
VAT No. 540 4303 88
